

6" MIX PROOF VALVE DESIGN

AN EXTENSION OF OUR SUCCESSFUL W70 SERIES

- Extension of the successful WCB W70-Series Double-Seat Mixproof valves to 6" OD Tube and IPS Sizes
- Designed for sanitary, hygienic service
- Clean-in-place design (CIP)
- Strong, machined from solid bar construction
- Interchangeable, field-maintainable actuator
- See-through control top with options for proximity switch feedback, solenoids and bus-communications
- Top and bottom balancers for protection against high pressure spikes
